

Policy Statement

Bank recognizes the strategic, operational, financial, and reputational and Interested Parties support risks associated with the service interruptions and the importance of maintaining viable capability to continue Bank's business processes with minimum impact in event of an emergency.

The Bank Business Continuity is applicable to all Bank staff, facility and IT systems in Data centre located at Belapur, Navi Mumbai. Bank shall be prepared for scenarios including, but not limited to natural disaster, power outage, and hardware and data availability.

Day-to-day operational problems such as minor computer equipment malfunctions, data loss, and employee leave (like emergency medical/sick leave) are excluded as business continuity disasters in the context of this plan.
