Format 6.12**GUIDELINES, TERMS & CONDITIONS AND PROCESS FLOW FOR E-PROCUREMENT AUCTION****Introduction:**

Central Bank of India intends to use E procurement Auction (Reverse Auction) process in place of submission of commercial bids of RFP.

This annexure consists of rules for E Procurement Auction, Terms and conditions and Formats for submission of acceptance by the bidders.

Rules for E Procurement Auction (Reverse Auction):**a. APPLICABILITY:**

- i. Reverse Auctions are carried out under the framework of rules that are called Rules for Reverse Auction.
- ii. All bidders participating in Reverse Auction shall understand/ accept and give an undertaking for compliance with the same to the Bank in the prescribed format as specified in Format-A.
- iii. Any bidder not willing to submit such an undertaking shall be disqualified for further participation respecting the procurement in question.

b. ELIGIBILITY:

Only bidders who are technically qualified and who submit the prescribed undertaking to the Bank alone can participate in Reverse Auction relevant to the procurement for which RFP is floated.

c. COMPLIANCE/ CONFIRMATION FROM BIDDERS:

- i. The bidders participating in Reverse Auction shall submit the following duly signed by the Competent Authority who signs the offer documents in response to the RFP:
 - a) Acceptance of Rules for Reverse Auction and undertaking as per format in Format-A.
 - b) Agreement between System Integrator and bidder. (This format will be given by the System Integrator prior to announcement of Reverse Auction.)
 - c) Letter of authority authorizing the name/s of official/s to take part in Reverse Auction as per format in Format-B.

d. TRAINING:

- i. The Bank will facilitate training for participation in Reverse Auction through the System Integrator for the Reverse Auction. During the training the

Bidders shall be explained the rules related to the Reverse Auction to be adopted. Bidders are required to give compliance on it before the start of bid process.

- ii. Wherever necessary, the Bank / System Integrator may also conduct a 'mock reverse auction' to familiarize the bidders with Reverse Auction process.

iii. Any bidder/bidder not participating in training and/or 'mock reverse auction' shall do so at his own risk and it shall not be open for him to make any complaint/grievance later.

iv. Each bidder / bidder shall participate in the training at his / their own cost.

e. DATE/ TIME FOR TRAINING:

- i. The Venue, Date, Time etc. for training in Reverse Auction shall be informed later.
- ii. No request for postponement / fixing of Training Date / Time shall be entertained which in the sole view and discretion of the Bank might result in any avoidable delay to either the Reverse Auction or the whole process of selection of bidder.

f. DATE/ TIME OF REVERSE AUCTION:

- i. The Date and Time of commencement of Reverse Auction as also Duration of 'Reverse Auction Time' shall be communicated at least 2 working Days prior to such auction Date.
- ii. Any force Majeure or other condition leading to postponement of auction shall entitle the Bank to postponement of auction even after communication, but, the Bank shall be obliged to communicate to all participating bidders the 'postponement' prior to commencement of such 'Reverse Auction'.

g. CONDUCT OF REVERSE AUCTION:

- i. The Reverse Auction shall be conducted on a specific web portal meant for this purpose.
- ii. The Reverse Auction may be conducted by the Bank itself or through a System Integrator specifically identified/ appointed/ empanelled by the Bank.

h. PROXY BID:

- i. A proxy bid is one where bidder can submit the lowest bid amount by him in strict confidence to the system directly. This obviates the need for him participating in the bidding process until the proxy bid amount is decrementally reached by other bidders.
- ii. When proxy bid amount is reached, the bidder has an option to revise the proxy bid amount or he can prefer to start participating in bidding process.
- iii. Since it is an English auction with no ties, two bidders submitting identical proxy bid amount and succeeding in auction simultaneously does not arise.
- iv. During training, the issue of proxy bidding will be clarified in detail by the System Integrator.

i. TRANSPARENCY IN BIDS:

- i. All bidders will be able to view during the auction time the current lowest price in portal. Bidder shall be able to view not only the lowest bid but also the last bid made by him at any point of time during the auction time.

**j. MASKING OF NAMES:**

- ii. Names of bidders shall be masked in the Reverse Auction process and bidders will be given dummy names.

k. START PRICE:

- i. Bidders will fill the unit cost of the line items mentioned in Appendix 1 Form 02 of RFP before the start of the bidding time as mentioned in clause no. f of this document. Once the bidding time starts the system will show the total value (D) as per Appendix 1 Form 02 of RFP. This total value is taken as the start price of the bidding process.

l. DECREMENTAL BID VALUE

- i. The bidders shall be able to bid only at a specified decrement value and not at any other fractions. The Bid decrement value shall be Rs.----/-.
- ii. The bid decrement value shall be in multiples of Rs. ----/-.
- iii. The web portal shall display the next possible decremental value of bid. It is not, however, obligatory on the part of bidders to bid at the next immediate lower level only. (That is, bids can be even at 2 or 3 lower levels than the immediate lower level).
- iv. Decremental value will be appropriated across the line items of Format 5 (BOM) of RFP proportionately by the system.

m. REVERSE AUCTION PROCESS:

- i. The procurement process shall be completed through a single Reverse Auction.
- ii. The Bank shall however, be entitled to cancel the procurement of Reverse Auction process, if in its view procurement or reverse auction process cannot be conducted in a fair manner and / or in the interest of the Bank.
- iii. The successful bidder shall submit a confirmation of acceptance of the last bid price of auction within 30 minutes of closing of the auction to Bank either through Fax or E-Mail. The successful bidder has to submit the final bill of material as per Appendix 1 Form 02 of RFP duly signed by the authorized official to Bank within 2 hours of close of auction by mail / fax.
- iv. In the event of circumstances like no power supply, system problem, loss of internet connectivity, inability to use the system, loss of electronic information, power interruptions, UPS failure, etc., the bidder has to ensure that they are able to convey their bidding price to the System Integrator by way of FAX, who will upload the Faxed price online on behalf of the bidder and confirm the receipt of FAX to the System Integrator. This shall be done before the closure of bid time. The bidder has to ensure that the sufficient time is given to the System Integrator to upload the faxed prices online. In case the required time is not available with the System Integrator at the time of receipt of fax message, the System Integrator will not be uploading the prices. It is thus requested from the bidders not to wait till the last moment to quote their bids so as to avoid any such complex situation.

n. EXPENDITURE ON REVERSE AUCTION:

- i. All eligible bidders are requested to ensure that they have a valid digital certificate well

in advance to participate in the Reverse auction process. The cost of digital certificate has to be borne by the bidder only.

- ii. Bidders shall participate in the training or mock auction at their own cost.

o. CHANGES IN BUSINESS RULES:

- i. Any changes made in Rules for Reverse Auction shall be uploaded on the Website of Bank and will be informed to the eligible bidders before commencement of Reverse Auction.

p. OTHER INSTRUCTIONS:

- i. No bidder shall involve himself / itself or any of his / its representatives in any price manipulation directly or indirectly with other bidders. If any such practice comes to the notice, Bank shall disqualify the bidder / bidders concerned from the reverse auction process.
- ii. Bidder shall not disclose details of his bids or any other details concerning Reverse Auction process of the Bank to any other third party without specific permission in writing from the Bank.
- iii. Neither Bank nor System Integrator can be held responsible for consequential damages such as no power supply, system problem, inability to use the system, loss of electronic information, power interruptions, UPS failure, etc.

q. ERRORS AND OMISSIONS:

- i. On any issue or area of material concern respecting Reverse Auction not specifically dealt with in these Business Rules, the decision of the Bank shall be final and binding on all concerned.
